PROFILE

I'm a front-end developer with 2+ years experience in the technology industry and educated in International Development and Health Studies. My passion for learning and problem-solving evolved into developing responsive and accessible web applications.

PROJECTS

POKEDEX RANDOM GENERATOR
HTML / CSS / SCSS / JavaScript / Rest APIs

- Worked in pair programming creating an app that pulls the Pokemon API, allowing a user to generate a random Pokemon numerous times

PAGE TURNERS
HTML / CSS / SCSS / React / Rest APIs / Firebase

- Worked in group programming creating an app that pulls the Google Books API, allowing a user to search for books, store them in a reading list and see their progress with how many books they've read

EXPERIENCE

Microsoft Order Management Associate
SOFTCHOICE
Nov 2020 - Oct 2021

- Audited salesforce quotes, processed and invoiced 50-70 Microsoft orders on a daily basis focusing on quality, accuracy, and speed through SAP and Microsoft portals
- Problem solved technical issues and rejection orders alongside cross-functional teams to determine the root of problems and provided the best course of action

Product Management Associate
SOFTCHOICE
Jul 2019 - Oct 2020

- Results-oriented completing 15-30 product data requests via the Salesforce Case queue, and achieving/surpassing the goal of 92% SLA response rate on a regular basis
- Initiated the use of SQL and Excel alongside team members for mass product searches for efficiency

EDUCATION

Web Development, Immersive
JUNO COLLEGE OF TECHNOLOGY
Nov 2021 - Feb 2022
